Found in the top spas in the world, our Skin Care lines are some of the newest on the market and at the cutting edge of technology and quality.

PROMEDIS

The Promedis investment into research of the inflammation and oxidative process have advanced development of a new generation of pharmaceutically pure oral and topical products. These are modern clinically proven and exciting performance formulations.

DERMED

The institute DerMed line of clinical skin care products are "cosmeceuticals" that contain the highest concentration of active ingredients available without prescription. Years of research and study with chemists went into the creation of these natural quality formulations for all skin conditions and skin types. DerMed is formulated with all natural base carriers with no chemical additives.

JANE IREDALE MINERAL COSMETICS

The most beautiful cosmetic you wear is healthy skin. That's why everything Jane Iredale has developed is a true extension of skin care. Luminous and light-weight with coverage that has to be seen to be believed, this micronized mineral makeup gives any complexion a younger look. Our makeup is not just a retinement of conventional makeup; it's a new technology. It's so effective it is recommended by plastic surgeons, dermatologist and skin care professionals.

THALGO

Thalgo believes that all products are designed to work together. Thalgo is more than skin and body care; it is chemistry in itself. Thalgo has explored all the riches of the ocean to extract vital active ingredients. Using these marine extracts, together with loving plant concentrates and proteins the Thalgo laboratories have formulated a comprehensive range of intensive skin care products for the face and body.

INTAGLIO

Intaglio skin re-surfacing products are dedicated to the advancement of skin therapy through medical science. Glycolic Acids are derived from sugarcane and are form the Alpha Hydroxy Acid family (AHA's). Their excellent exfoliating, cell-stimulating and clarifying properties are highly effective for skin rejuvenation. Developed and used by Dermatologists.

ANCIENT SECRETS

Age Effective Body Care created with ingredients exclusive to the rich Canadian Coastline and focuses on target signs of age on the body while promoting internal well-being. The line combines Canadian Glacial Clay (rich in vitamins & minerals) & Pacific Organic Seaweed to allow the removal of toxins, reduce inflammation to promote firm, toned and youthful glowing skin.

GEHWOL (Walk Well)

Gehwol is a leading company specializing in foot care products and implements. Gehwol products have been developed and researched extensively in order to preserve and maintain the beauty and well-being of the feet. The Gehwol line is based on natural plant extract, herbs, essential oils and Gehwol's own special ingredients.
